Have you ever wondered what your dog is trying to tell you?

Have you ever heard about a dog "biting out of the blue"?

Does a wagging tail always mean a dog is happy?

Dogs have a very clear system of communication and we owe it to them to learn what they are trying to say to us and to other dogs.

Join us for an in-depth, FREE workshop on how to read and interpret Canine Body Language.

In this comprehensive workshop, you will learn:

- **The difference between observation and interpretation**
- **Learn how to discern if your dog is worried or stressed**
- **Come away with a better understanding of how to communicate with your canine companion**

YOUR DOG WILL LOVE YOU!
