

EFFECTIVE 01/01/2024

In order to ensure simplicity of feeding times, as well as making sure that your pet(s) have the proper amount of food for their stay, we will be installing a new policy.

All clients bringing their pet(s) to Camp KCS for Boarding or Daycare will be required to pre-package and label all their pet's feedings.

Examples of "Pre-package": Ziploc bags, takeout containers, Tupperware, paper bags, etc. Canned food, wet packets, or other similar food items must also be labeled for your pet's stay.

For Multi-Pet households, each pet must have their own bag. Bags may not be shared across multiple pets.

****Medications shall not be placed into the pre-packaged feedings. All medications must be brought in their original labeled bottle****

Bags/Containers/Canned/Wet Packets should be labeled within these parameters:

- Your Pet's name
- The Date of the Feeding
- AM or PM

(½ can per feeding) ← Example of a dog who gets canned food

EXAMPLE:	Camper	Camper	Camper
	11/6/2023	11/6/2023	11/6/2023
	AM	PM	AM + PM

NOTES: If you do not wish to pre-package your pet's food, Camp KCS Staff will be required to pre-package and label the food for you. The cost of Camp KCS Staff pre-packaging your food will be **\$1.00 per bag/feeding**. (Ex.: Your pet eats 2x per day and is staying for 5 days. Your cost would be \$10.00 in total for Camp KCS to pre-package and label your pet's feedings.)

All pets staying at Camp KCS that will be eating House(our) Food will also be charged a pre-packaging fee of **\$1.00 per bag/feeding**.

If you have any questions, please speak to a staff member and we will assist you!
